Dear players, coaches and other support staff,

Please note that we published an updated version of the invitation to our website and the website of Badminton Europe.

The one still on the BWF website is not correct. We already asked them to update it.

And please don't forget to book your practice court, accommodation and transport. *\* After the deadline available rooms can't be guaranteed. Of course we will help you, but it is possible that the price will be higher.*

And don't forget to get your accreditation and the invitation for Visa purposes on time. Players don't need to use our form to get the accreditation as we will get their names from the tournament software.

You can find the needed forms here: <https://www.dutchopen-forms.nl/ydoform.php>

Don't forget to download the Sportity app as that's the only way we'll be communicating information about the tournament. Use the event code YDO\_Maaspoort\_2024 and turn on your notifications. You'll receive a push notification when something new has been added.

Don't hesitate to contact me if you have any further questions or concerns.

Have a wonderful day and evening!

Kind regards/Met vriendelijke groet,

BADMINTON NEDERLAND
