Dear Anupama Kaur| Office Secretary

it is a pleasure to greet you, and I hope you receive this email safely. I see that you are aware of the energy situation in Cuba. However, I want to inform you that the highest levels of government and the president of the sports institute have decided to proceed with the three international tournaments. Transportation will be guaranteed for all three tournaments, provided participants stay in the official tournament hotels. I would also like to add that the hotels have backup generators in case of a power outage in the competition hall, which will ensure the tournament's smooth operation.

We understand that you will need an invitation letter for your visa application, and we are happy to help you with that.

Below we share a link for the online visa application.
